CLEANSING CURRENTS

STATEMENT OF INTENT

Our goal is to raise awareness of threats to Long Island Sound: to highlight the Long Island Sound Blue Plan which is a framework for conservation initiatives; and to inspire better stewardship by presenting daily “best practices” which will generate measurable positive effects on the Sound.

GCA RULES

1. Please carefully read and follow GCA Flower Show Rules, General Information, and Division Guidelines. All rules as stated in *The Garden Club of America Flower Show & Judging Guide (FS & JG)*, October 2021 edition, shall apply.
2. All plant material must be correctly identified with the botanical and common names, if possible. Accepted references for nomenclature are:
 - a. Missouri Botanical Garden Plant Finder at <https://www.missouribotanicalgarden.org/plantfinder/plantfindersearch.aspx>
 - b. Royal Horticultural Society – Find a Plant at <https://www.rhs.org.uk/plants/search-Form>
3. The Garden Club of America expects all exhibitors to be aware of the need to promote conservation of endangered and threatened plants. Plants collected in the wild and listed by the Connecticut Natural Heritage Program may not be exhibited in any flower show sponsored by a GCA club. Cultivated plant material listed by Connecticut's Natural Heritage Program may be exhibited if accompanied by a typed card stating that it has not been collected from the wild or that it was collected out-of-state and giving information concerning its cultural requirements and methods of propagation. Natural Heritage Program lists of endangered plant material will be available before and during the show from the division chairmen and are available online at <https://plants.usda.gov/home/raritySearch>
4. Plant material showing evidence of insects or disease must be removed immediately from the exhibition area. This rule will be enforced at any time during the show, whenever the problem is identified.
5. All entries in the Floral Design and Horticulture Divisions must include fresh and/or dried plant material. Fresh plant material must be in water or conditioned in such a way as to remain in pristine form while on exhibition. An entry not maintained in show condition may have its award removed. Entries in the Photography Division are required to include plant material. Entries in the Botanical Arts Division must use dried plant material.

(continued)

GCA RULES

6. Locally invasive plants, diseased plant material, artificial plant material, live animals (including fish), taxidermy, natural birds' nests, feathers of any kind, and protected sea life, including coral, are not permitted. The use of natural seashells is strongly discouraged. <https://plants.usda.gov/home/noxiousInvasiveSearch>

GENERAL INFORMATION

1. Entries are open to all GCA club members, including provisionals, and professionals in their disciplines.

2. It is extremely important that all designs are the original work of the designer(s). While the use of various techniques and components in the design may be inspired by other designs, the application of the techniques and components and the artistic concept to the design must be original. Artistic integrity is of utmost importance.

3. Registration is required for all classes in Floral Design, Photography and Botanical Arts, and in some classes in Horticulture. Registration forms are provided at the back of the schedule. Classes will be filled in the order registration forms are received according to the postmark/email date and time.

4. Only one entry per exhibitor is encouraged in floral design, photography, and botanical arts. Exceptions may be made if needed to fill a class.

5. Entering in a show constitutes permission to use images of the submitted content in all GCA channels of communication.

6. While The Garden Club of America, Hortulus and Christ Church will exercise due caution in safeguarding exhibits, responsibility for damage, loss or personal injury cannot be assumed.

7. Any clarification or change in the rules, as originally stated in the schedule, shall be communicated promptly in writing by the division chairmen to all exhibitors in the class and, at the show, to the judges and to the passing committee.
8. An entry card must accompany each entry. Entry cards will be available at the show and, upon request from the registration or division chairmen, in advance of the show. Information required on the entry card must be completed in black waterproof medium.
9. The passing committee must pass each entry before an exhibitor may leave the show area. The passing committee reserves the right to refuse any entry that does not conform to the rules of the schedule. The exhibitor has the option of correcting the entry, if time permits. If not corrected, the entry cannot be judged, but may remain in place, marked "For Exhibit Only" with a brief, constructively worded statement explaining why it was not judged. The judges may not disqualify any entry passed by the passing committee unless evidence of insect infestation or disease is identified.
10. Once an entry is passed, the exhibitor(s) must immediately leave the show floor. The only exception will be flower show committee members who have entered and been passed according to the timetable. A passed entry may not be touched again by the exhibitor until after judging and then only to carry out necessary maintenance.
11. Only participating judges and clerks will be allowed on the show floor during judging. Flower Show Chairs and division chairs should remain nearby but off the show floor until needed.
12. All containers and accessories must be inconspicuously labeled with the exhibitor's name.
13. A novice is an individual exhibitor who has not won a first place ribbon or a GCA Special Award in the division entered at a GCA Flower Show, GCA Major Flower Show, or Sanctioned Non-GCA Major Flower Show. An exhibitor winning a first-place ribbon in a GCA Flower Show is still considered a novice in a GCA Major Flower Show or in a Sanctioned Non-GCA Major Flower

GENERAL INFORMATION

Show or in another division of any flower show. In addition, an exhibitor who has won a first-place ribbon or Special Award in a GCA Major Flower Show or Sanctioned Non-GCA Major Flower Show is no longer a novice in any level of GCA Flower Shows in the division won. Only individual novice exhibitors are eligible to receive the GCA Novice Awards or the Sandra Baylor Novice Floral Design Award. A novice exhibitor will be identified on the entry card, following the initial judging.

14. A Statement of Intent, either optional or required, must be submitted at the time of passing. The statement must be no more than 25 words, typed or printed in black waterproof medium on a 4" x 6" white unlined card.

15. All exhibits must remain in place and in show condition until fifteen minutes following the closing time of the show.

DIVISION I FLORAL DESIGN GUIDELINES

1. Please carefully read and follow the GCA Rules, General Information and Timetable for Exhibitors.
2. An exhibitor is permitted only one entry per class, but may enter more than one class. The exhibitor(s) under whose names(s) the entry has been registered must create and complete the design. All participants must be listed. Only listed exhibitors and show personnel may be on the show floor at the time of entry.
3. No more than two exhibitors may execute a design entry unless otherwise stated in the schedule.
4. If forced to withdraw, an exhibitor must notify the registration chairman and class consultant and find a substitute unless there is a waiting list for the class.
- 5. It is extremely important that all designs are the original work of the designer(s). While the use of various techniques and components in the design may be inspired by other designs, the application of the techniques and components and the artistic concept of the design must be original. Artistic integrity is of utmost importance.**
6. Designs may be executed off-site and brought to the show completed.
7. All entries must include fresh and/or dried plant material. Fresh plant material must be in water or conditioned in such a way as to remain in pristine form while on exhibition. Rooted plant material is allowed provided no soil is attached. An entry not maintained in show condition may have its award removed.
8. Mechanics should not be visible unless they are an integral part of the design.
9. Anything not prohibited in the GCA Rules, Floral Design Division Guidelines, or individual class descriptions is permitted.
10. Although permitted, the use of cut fruits and vegetables is discouraged and should be undertaken only with proper treatment to prevent spoilage and insect

contamination.

11. Judging will be based on the principles of design: balance, contrast, dominance, proportion, rhythm, and scale, and the elements of design: light, space, line, form, color, texture, pattern, and size. Creativity is important, as are distinction, conformance to and interpretation of the class, and schedule.

12. Accessories are not permitted, unless otherwise stated in the class description.

13. Tops of pedestals may not be enlarged or draped except where otherwise stated.

14. The niche may be lined but the surface of the niche may not be damaged. The opening of the niche may be altered; however the design may not extend beyond the opening of the niche. The niche is lit from above.

15. The committee will provide lighting. No electricity is available to the exhibitors.

16. All staging will be painted a deep midnight blue.

17. Questions regarding class requirements may be directed to the class consultant and/or division chairmen.

18. Scale of points to be used by the judges:

DIVISION III PHOTOGRAPHY GUIDELINES

Recommended: Use two 15" X 19 " bubble wrap envelopes, or a reusable mailing box. (Smaller envelopes are too tight to easily get images in and out with their various wrappings.) Wrap your mounted image between two suitable pieces of foam core (this is very light) or non-bendable cardboard, which will be reused for return. Place wrapped image inside reusable mailing box, or inside mailing envelope with folded self-addressed return envelope.

POSTAGE: Please include a \$15 check, (payable to Hortulus) to cover return postage and handling. You may enclose stamps, UPS labels, or postage meter strips. If return envelope and postage are not included, it will be assumed that the image will not be returned.

DIVISION V EDUCATION EXHIBIT

CLEANSING CURRENTS

Statement of Intent:

Our goal is to raise awareness of threats to Long Island Sound: to highlight the Long Island Sound Blue Plan which is a framework for conservation initiatives, and to inspire better stewardship by presenting daily “best practices” which will generate measurable positive effects on the Sound.

The Cleansing Currents exhibit will allow visitors to learn about conservation and environmental issues affecting Long Island Sound and its watershed, as well as show how the Blue Plan addresses these concerns. Visual presentations will inform guests about initiatives that can be implemented to reduce pollution and promote clean water within CT Watershed, LI Sound, and ultimately the Atlantic Ocean. The exhibit will teach how government policies are bringing protection to this critical waterbody while benefiting the communities, people and nature.

GCA FLOWER SHOW AWARDS

GCA Flower Show Awards described below have been applied for and will be presented if merited.

DIVISION V, EDUCATIONAL COMPONENT

The **Education Award** may be presented to an entry, a class, a division or an entire show for an exhibit of exceptional merit, which educates the public in keeping with the purpose statement of the GCA. This award may be given to GCA clubs and GCA club members.

DIVISION I, FLORAL DESIGN

Best in Show Floral Design is selected from first place winners in the division.

The **Dorothy Vietor Munger Award** may be awarded to members of The Garden Club of America clubs in competitive Floral Design classes at a GCA Flower Show. It is offered in recognition of creative work of outstanding beauty using predominantly fresh plant material. The design must have placed first, second, or third. Challenge class entries are not eligible. The award is not a substitute for Best in Show and will be given at the discretion of the judges.

The **Harriet DeWaele Puckett Creativity Award** may be awarded to members of GCA clubs or non-members in recognition of a uniquely skillful and creative response to an imaginative schedule. It will be given for an innovative and interpretive entry, which, although it abides by the principles of good design, goes beyond traditional period arrangement to whatever art form the arranger(s) chooses. The design must have placed first, second, or third in the Floral Design Division of a GCA Flower Show. An entry in any challenge class is not eligible to receive this award. The award is not a substitute for Best in Show and will be given at the discretion of the judges.

The **Sandra Baylor Novice Floral Design Award** may be given at a GCA Flower Show to an exhibitor who is a member of a GCA club and who has never won first place, or a GCA Special Award in the Floral Design Division of a GCA Flower Show, GCA Major Flower Show or Sanctioned Non-GCA Flower Show. It shall be awarded to an individual novice exhibitor for a unique and skillful response to the schedule. Novice entries placing first, second, or third in any competitive class, including challenge classes, are eligible for this award.

DIVISION II, HORTICULTURE

Best in Show Horticulture is selected from first place winners in the division.

The **Catherine Beattie Medal** may be awarded for a horticulture entry distinguished by its vibrancy, prime condition, and perfection of grooming. The exhibit must have been owned and grown by the exhibitor for at least six months. The medal may be awarded for a single plant, collection of plants, container garden, or cut specimen, but only if there is an exhibit worthy of the honor. It may be awarded to members of GCA clubs only; individual, joint, and club entries are eligible. The award should not be considered as a substitute for Best in Show. The medal may not be awarded to the same exhibit more than once; however, offspring of a Beattie winner are eligible to receive the award.

The **Clarissa Willemsen Horticulture Propagation Award** may be awarded for a horticulture entry distinguished by its prime condition, flawless grooming and difficulty of propagation. The entry must have been propagated and grown by the exhibitor for at least six months. The Horticulture Propagation Award may be given for a single rooted plant or a collection of rooted plants. The dates and method of propagation must be recorded on an accompanying propagation card. The entry must have placed first, second, or third at a GCA Flower Show. The award may not be given to an exhibit more than once.

The **GCA Novice Award in Horticulture** may be awarded for an outstanding exhibit to a member of a GCA club who has never won first place or a GCA Special Award in the horticulture division in a GCA Flower Show, GCA Major Flower Show or Sanctioned non-GCA Major Flower Show. Novice entries placing first, second, or third are eligible for this award.

The **Rosie Jones Horticulture Award** may be presented to a horticulture entry of exceptional visual appeal that reflects the spirit of growing with joy and enthusiasm and inspires others to propagate, grow, show and share horticulture. An exhibit that has been propagated by the exhibitor will be given special consideration but propagation is not a requirement. Perfection, while always desirable, is not a primary criterion. This award celebrates the ineffable joy inherent in the beauty and pursuit of horticulture.
